

JOB DESCRIPTION

Role Title: Assistant/Associate Professor in Architecture	Role ref: 24/ET/02
Reports to: Dean	College: Engineering & Technology
Grade: T3/T4/T5 dependent upon qualifications and	Contract Type: full-time
experience	

Context:

¹The British University of Bahrain is a distinctive, top-quality higher education institution that has quickly established itself among the region's leading universities. With students from Bahrain, the GCC, and around the world, our university ensures a healthy, diverse, and inclusive environment.

Our mission to deliver excellence in education and training that meets world professional standards is rooted in our values, which align with the region's vision for economic diversification and sustainable development. With our three colleges – Engineering and Technology, Business and Law, and Arts and Social Science – we provide our students with the toolkits needed to embrace the challenges and opportunities of the twenty-first century and succeed in the rapidly advancing digital era.

An essential factor that sets us apart is our strong exclusive partnership with the University of Salford in Manchester which has been involved in developing our university since its inception. This unique collaboration allows our students to earn an internationally recognised UK Bachelor's degree while studying locally. Our degrees are fully awarded by The University of Salford and certified and recognised by the Bahrain Higher Education Council.

BUB is a regional hub for academic excellence renowned for its exceptional programs within its collegiate system, and we pride ourselves on offering an array of unique and exclusive disciplines that cater to the needs of the evolving workforce.

Position Summary/Purpose of Role:

To contribute to the delivery of taught and practical modules, research/knowledge exchange, administration, promotion and development of BSc Architecture and other undergraduate and postgraduate programmes

Key Duties & Responsibilities:

1. To lead, develop and support workshops, lectures, tutorials and other learning events, working in partnership with employers and other agencies to ensure content is at the cutting edge of industry developments.

Included in the duties:

- i. Developing teaching materials and delivering them across a range of events, programmes and modules
- ii. Devise, schedule and coordinate learning activities external to timetables events including guest lectures, field trips, site vsists, competitions etc.;
- iii. Design, set, verify, mark, and moderate student assessment and examinations and provide timely, written feedback to students;
- iv. Act as personal tutor to a group of students;
