

INFORMATION ON UCL AND UCL CONSULTANTS LTD (UCLC)

University College London

UCL is one of the world's top universities: London's Global University. Based in the heart of London, it is a modern, outward-looking institution. At its establishment in 1826, UCL was radical and responsive to the needs of society; and this ethos, that excellence should go hand-in-hand with enriching society, continues today.

In the 2021 Research Excellence Framework (REF) UCL was rated second in the UK for research power, with more than 3,400 researchers assessed and their combined average results outweighing all other universities. We have the greatest amount of 'world leading' research in medicine, health and life sciences, social science and education; the largest amount of academic research activity in science, technology, engineering and mathematics; and the strongest research power in the social sciences.

UCL is a university in its own right, and constitutionally a college of the federal University of London. With an annual turnover exceeding £2 billion, it is financially and managerially independent of the University of London. UCL is a truly global community: more than one-third of our student body, over 50,000 strong, come from 150 countries and nearly one-third of staff are from outside the UK. UCL's staff and alumni have included 30 Nobel prize-winners.

UCL Consultants Ltd.

UCL Consultants Ltd. (UCLC) was established in 2003 as a wholly owned subsidiary by UCL to administer the contractual and financial arrangements of UCL staff undertaking consultancy services. UCLC is the gateway to access the expertise of leading academic staff. The areas of expertise, skills and facilities offered by UCLC cover the breadth of UCL's world-class research-based expertise. UCLC connects UCL experts with national and international organisations that are seeking to resolve specific, targeted problems or gain critical advantage in their market. It provides a full range of contractual and financial services to UCL staff undertaking consultancy work for external organisations.

UCLC offers a comprehensive service for UCL academics wishing to undertake consultancy work and clients wishing to commission UCL experts on a consultancy basis. We make it easy for our external clients to access and engage UCL's world-leading academic expertise and facilities, and for our internal clients to find, engage, deliver and get paid for external consultancy work, and help protect them from the associated risks.

UCLC supports internal and external clients in delivering projects to scope, quality, time and budget by providing support over the entire life cycle of a project. We work with our clients from project idea to completion, including: developing new business propositions and opportunities; scoping requirements; developing a proposal; determining the correct fees; negotiating and concluding the contractual agreement; conducting invoicing procedures; and project managing the delivery of a variety of projects

Our projects cover four areas:

- Academic consultancy
- Expert witness services
- Bespoke short courses
- Testing & analysis services
